It is worth to point out that no explanation is required for the deviation to ASR because it is under the 5% threshold (-1,4%), nevertheless we would like to provide some clarifications regarding major deviations of some specific activities no. 6, 7, 8, 10, 11, 15, 23, 27, 29 and 32: for activities 6, 7, 8, 10, 23, 27, 29 and 32 some costs have been slightly shifted among them (i.e. some costs for Activity 6 in the ASR have been reclassified in the IP in Activity 32, some costs indicated in Activity 7 in the ASR have been reclassified in the IP in Activity 29, some costs indicated in Activity 8 in the ASR have been reclassified in the IP in Activity 27 and some costs indicated in Activity 10 in the ASR have been

reclassified in the IP in Activity 23). Costs indicated in Activity 11 in the ASR did not include an invoice from [REDACTED] as it was erroneously assumed that the invoice would not be received by 30/06/22 and some costs indicated in Activity 15 (under ASR) have not been included in IP as the relative invoice has not yet been received as of 30/06/22.

We are available for any clarification you may need.

Finally, I kindly ask you to acknowledge the receipt of the message and the related documents.

Best regards
